THE ULTIME WESTERN

THE SET OF THE UW : ORIGINAL WESTERN MOVIE STUDIO

Nothing will replace your participation in the adventure.
No photo, no film can give you the feeling of what you will experience
once there. At the most, you can get a little closer.

25 hectares of old west town and pueblo, outstanding scenery and
landscape...200 hectares of wilderness in a desert of more than
1000km².

Tens of kilometers of tracks to explore.
Saloons, buildings decorated like in a movie, stuntmen, horses,
wagons and stagecoaches.

While we awaits you in the most unique Wild West LARP, here are
some pictures of the movie studios and the desert that surrounds it.
The heart of the Utime Western LARP where your boots will be
dusted.
